Bethel Student Survey - Spring 2013

Attitudes toward school/after school programs

The students at Bethel Community Center were asked to complete a survey about their attitudes toward school and the after school program.

Students were asked to respond "yes" or "no" to each of the following:

- I look forward to going to school
- The after school program helps me do better in school.
- There is usually someone available to help me as needed.

The chart below shows the proportion of the students responding ‘yes’ to each.

I look forward to going to school: 54/67

The after school program helps me do better in school: 63/68

There is usually someone available to help me as needed: 60/67
Finally, the students were asked what they like MOST about the program, and one way in which the program could be improved. Provided below are sample responses:

**What do you like MOST about tutoring/homework help?**

- I get way more time to finish work.
- The staff is so friendly and helpful
- They respect the students
- Training
- Staff gives good instruction.
- Talking to my friends about problems with work
- Leadership skills
- Study tips and people
- Field trips
- Help me develop strong, positive relationships with adults
- Getting my work done so I would be able to have time to rest
- Going to workshops
- I like the movies we watch
- I enjoy the study tips and reading materials
- It helps improve my attitude about school

**What is one way in which after school homework help/tutoring could be improved?**

- Make it a bit shorter
- Have more computers
- Invest in more staff and calculators
- If they atop giving you book work and let you use like an I-pad and learn on there.
- There should be several tutors for each academic department that knows the subject very well.
- We should have snacks provided.
- More field trips
- It would improve by if they put in more electronic stuff.
- Crafts
- They can involve more people
- Maybe discussing better study habits
- There should be more group work
