Bethel Adult Survey - Fall 2013

The after school program provides activities for adults as well as for school students.

Adults attending the activities at Bethel in Fall 2013 completed a survey providing feedback on what was offered.

17 surveys were returned. The table below shows the activities provided and the number of persons attending each.

The adults were asked whether, for each activity:

- Did you enjoy taking part in this activity?
- Did you find this to be a useful/helpful activity?
- Do you plan to attend another of these activities?
- What did you like MOST about this activity?
- What about this activity would you like to see changed/improved?

A YES response was assigned a value of 1 in the coding. The table below shows that all of the adults responded YES to each question. It is therefore concluded that the adults were positive about each activity.
